## Bridging Units

To successfully complete your course, you may need additional learning. Bridging units assist covering gaps in your existing knowledge or skills to make sure you don't fall behind. If you need to you can study up to five subsidised bridging units.

## National Skill Sets and Local Skill Sets

National skill sets are short courses made up of one or more units of competency from a training package that are designed to deliver specific technical skills.

Local skill sets are specifically designed as introductory training pathways that help students to find out more about an industry before starting a training course.

There is currently no limit on how many national skill sets or local skill sets an eligible student can access.
