TRAINING

CERTIFICATE III

barbering

The comeback of the barber shop means there is a need for specialist barbering skills, particularly as fashions for men are conquered by the famous fade and retro drum beat with precisely groomed facial hair.

Certificate III in Barbering is a comprehensive qualification that concentrates on the art of precision men's cutting: you will learn **how to** design men's precision based men's haircut structures, the skills and techniques used in accurate classic men's **precision** cutting, covering; men's one length and **solid haircut structures**, men's graduated haircut structures, men's layered haircut structures, with the art of cutting men's hair using scissor over-comb techniques, working with combined classic men's haircut structures and further developing how to combine traditional and classic haircut structures.

Detailed cutting using freehand clipper techniques and creating haircuts using tracks and carving is also cultivated. Cut designs will cover everything from fades, designs, shape ups, caesars, flat tops, classical cuts, mode scissor over comb techniques and much more.

In the men's grooming division will cover techniques in providing men's general and luxury grooming services, designing and maintaining beards and moustaches, precise head and face shaves, providing luxury shampoo and basin services, identifying and treating hair and scalp conditions, providing magnificence head, neck and shoulder massages for relaxation and drying and **styling men's** hair to shape.

In the men's business division you will learn how to participate in environmentally sustainable work practices, maintain and organise tools, equipment and work areas, the importance of complying with organisational requirements within a barbering and hairdressing environment, communicating as part of a barbering and hairdressing salon team, industries importance of applying safe hygiene, health and work practices, the savvy business of **barbering**, up to the minute barbering industry information and contacts, the importance of developing and expanding a client base, front desk and customer service, the value and meaning of recommending products and services, conducting salon **financial transactions**, how to provide great barbering salon services to clients, your professional image and professional self-marketing techniques.

For those who wish to add a point of difference to the barber room the technical division covers all the innovative **men's technical services** and **techniques**; the fundamentals of men's classic colouring and lightening of hair, providing full and partial men's highlighting treatments, on scalp full head and retouch bleach treatments and how to neutralise unwanted colours and tones.
